FEMA Site Restoration Status 1/10/2010

PARK NAME	STATUS
McCue Playground	FEMA performed a pre-final inspection of the contractor's work this week. There are several punch list items for the contractor to handle including, restriping the basketball court lines, cleaning up small amounts of concrete and wood debris near the newly poured concrete apron, and removing all entrance gates upon work completion. Due to past weather delays and upcoming weather conditions this weekend, the contractor should begin the re-striping next week and we estimate the park to be fully complete next week.
St. Roch	The sewer line installation and gate installation has been completed at the site. Because of the indigenous soil that was excavated, the new sewer line contains debris and, FEMA will remove several inches of fill from the work zoned areas of the trench, and refill with clean soil, compact, grade, and re-seed. (...in order to assist in making the areas free from large pieces of debris original to the subsurface) The contractor began the work this week and FEMA estimates completion next week, weather permitting. <i>Site is complete and ROC/turnover signed on 12-1-08.</i>
Hardin	The new water fountain installation was completed and was also accepted by NORD on 12-21-09. <i>The site was visited on 6-18-09 and accepted by NORD. (acceptance letter in lieu of ROC)</i>
A.L. Davis	The site was visited on 6-18-09 and accepted by NORD. <i>(acceptance letter in lieu of ROC)</i>
Annunciation	The site was visited on 9-25-09 and accepted by NORD. <i>(acceptance letter in lieu of ROC)</i>
Avenger	The site was visited on 8-6-09 and accepted by NORD. <i>(acceptance letter in lieu of ROC)</i>
Bunny Friend	<i>(acceptance letter in lieu of ROC)</i> with the exception that the bleachers and new backstop fencing would be completed. The additional site visit was held on 11-3-09 where NORD accepted the bleachers and backstop.
